INFOPACK:

Leader almighty

Pińczów, Poland
16.08. – 23.08.2015

Summary

What is leadership and why do we need it? Leaders help themselves and others to do the right things. They set direction, build an inspiring vision, and create something new. But leadership means different things to different people around the world, and different things in different situations. The Training course "Leader almighty" will be held in Pińczów, Poland between 16-23 August 2015 and will bring together 24 participants from EU countries. It will be an opportunity to understand what leadership is and what this word should mean to us. Moreover it is important in order to create a cadre of trained youth workers who will develop appropriate skills to manage others. The main aim of this training is to equip the participants with competences in terms of leadership and entrepreneurship. Through the designed as such training course the learners would develop practical skills of working with groups and handling group process, communication and negotiation, youth project management, coaching. Through the supporting learning process the course aims to develop entrepreneurial leadership qualities of participants as important aspect to be brought on the job market. The project proposes to foster the active involvement of young people in society and inspire them to act as multipliers of the gained knowledge in their local communities. The project on leadership and pro-active civil society attitude will be based on tools and methods of non-formal education such as simulations, role-playing, open space discussions, brainstorming, ice-breakers and reflection groups. The used methods will not only help participants to develop leadership competences but also will strengthen and widen their soft skills.

ABOUT SMIT „CREATOR"

SMIT "CREATOR" is a non-profit organization from Krakow which main purpose is to exchange creative ideas, promotion of values, tradition and art in the countries of Europe and beyond. It aims to contribute to intercultural dialogue and exchange creating a common ground for cooperation with scientific, cultural and educational fields at an international level. We work since 2011, and evolve in great pace.
